YORKE AND MID NORTH

GRANTS BULLETIN Edition #26

January 2025

RDA Yorke and Mid North produces a regular update on grant opportunities available to business, community and sporting groups, and local government through the Yorke and Mid North region to help connect stakeholders with opportunities for funding their projects.

This bulletin is updated at least monthly to provide stakeholders with a current view of grant opportunities available. The information contained herein is accurate at the time of publication and provides a relevant rather than exhaustive list of grants available at the time.

If you have any questions regarding this bulletin, the grant opportunities identified, or would like advice or assistance with grants, contact us at:

Industry Growth Program

Agency: Australian Government- Business

Closing: Ongoing

Eligibility: Innovative small and medium enterprises undertaking commercialisation and/or growth projects within the National Reconstruction Fund (NRF) priority areas:

- value-add in resources
- value-add in agriculture, forestry and fisheries
- transport
- medical science
- renewables and low emissions technologies
- defence capability
- enabling capabilities.

The program supports innovative small and medium enterprises undertaking commercialisation and/or growth projects within the National Reconstruction Fund priority areas through advisory services and opportunities for matched grant funding. Minor changes or improvements to existing products or services are not considered innovative.

The successful applicants will be connected to an Industry Growth Program Adviser who will provide tailored advice to support commercialisation and/or growth project.

Once this advice has been received, it is possible to apply for:

- grants of \$50,000 to \$250,000 to support early-stage commercialisation projects
- grants of \$100,000 to \$5 million for commercialisation and growth projects.

Seed Start Program

Agency: Australian Government – Department of Infrastructure, Transport, Regional Development, Communications and the Arts

Closing: Ongoing

Eligibility:

- be a company incorporated in Australia with an active Australian Business Number (ABN)
- be a non-tax-exempt business
- be registered for goods and services tax (GST)
- have an annual turnover of less than \$1 million for each of the 3 financial years prior to the lodgement of their application
- be based or willing to be based in SA prior to commencing the project.

The Seed-Start program provides financial support for early-stage and high-growth potential businesses in South Australia. Eligible start-ups can apply for funding to assist with the cost of commercialising a product or service that is unique and has a sustainable competitive advantage in national and international markets.

Two different funding types are available, depending on each business' stage of development:

- Seed Grants: Minimum \$50,000, maximum \$100,000
- Start Grants: Minimum \$100,001, maximum \$500,000

Regional Precincts and Partnerships Program

Agency: Australian Government – Department of Industry Science and Resources

Closing: Ongoing

Eligibility: Australian State/Territory Government agency or body, an Australian local government agency or body/ a Regional University, an incorporated not-for-profit organisation

Selection Process Non-competitive (applicants will be assessed on their individual merit against the assessment criteria, and will not be compared to other applications)

The program will focus on a partnership approach to deliver investment in regional Australia. It will bring together governments and communities to plan and deliver regional precincts that are tailored to local needs and have a shared vision in how that precinct connects to the region. Partners can be from government, First Nations groups, community organisations, educational institutions, or private enterprise.

Regional precincts or 'places with a purpose' are user-defined geographic areas with a specific shared need or theme. Regional precincts may include business districts, neighbourhoods, activity centres, commercial hubs or community and recreational areas. They will be located in renewal areas and growth areas in regional centres, regional corridors, regional cities, as well as smaller town centres that serve as service hubs in more remote communities.

STREAM 1 funding amounts

Precinct Development and Planning

- The minimum grant amount is \$500,000.
- The maximum grant amount is \$5 million.

The grant amount will be up to 100 per cent of the eligible expenditure for the project to a maximum amount of \$5 million.

STREAM 2 funding amounts:

Shovel ready project

- The minimum grant amount is \$5 million.
- The maximum grant amount is \$50 million.

The grant amount will be up to 100 per cent of the eligible expenditure for the project to a maximum amount of \$50 million.

PRIMARY PRODUCTION

On Drought Infrastructure Rebate Scheme

Agency: Government of South Australia - Department of Primary Industries and Regions

Closing: When funds are exhausted

Eligibility: Primary Producers

The Government of South Australia is offering a rebate of up to 75% to primary producers for implementing eligible on-farm infrastructure that enhances drought management and preparedness.

The On-Farm Drought Infrastructure Rebate Scheme aims to assist primary producers in implementing infrastructure projects that assist with managing current drought conditions and strengthen preparedness for future droughts.

Successful applicants must be able to cover the full cost of the infrastructure and will be reimbursed through the grant for 75% of the total cost up to a maximum grant of \$5,000 GST exclusive. Applicants must contribute at least 25% of the total infrastructure cost. Other government funding, including grants, concessional loans, or insurance claim funds, cannot be used towards the applicant's contribution.

Pre-approval of eligible activities for which costs are yet to be incurred may be obtained to provide certainty of receiving funding. Pre-approved activities must be completed within six months of the written pre-approval date.

The rebate is available for infrastructure activities that enhance drought management and preparedness:

- Costs associated with setting up or improving stock containment areas.
- Costs associated with the purchase and installation or upgrading of efficient water systems for irrigation.
- Costs associated with improving water infrastructure for livestock management.
- Costs associated with the adoption of technologies for improved drought management.
- Costs associated for labour of an external contractor to install, and repair or replace infrastructure set out in the eligible activities.

Only one application per ABN will be accepted.

On Farm Connectivity Program

Agency: Australian Government- Department of Infrastructure, Transport, Regional Development, Communications and the Arts

Closing: 30 April 2025

Eligibility: Primary Producers

The program assists Primary Producers to take advantage of digital agribusiness solutions to boost productivity and improve safety through Approved Suppliers.

The intended outcomes of the Program are:

- increase investment in equipment to support operations of the agricultural sector
- increase efficiency, competitiveness, and productivity of the agricultural sector
- improve safety on farm
- increase use of advanced farming technology
- improve knowledge of advanced farming technology and digital literacy

The rebate amount will be up to 50% of the cost of eligible equipment.

- the minimum grant (rebate) amount is \$1,000 (GST exclusive)
- the maximum grant (rebate) amount is \$30,000 (GST exclusive).

There is no limit to the amount an eligible Primary Producer may spend, however, the rebate cannot exceed \$30,000 (GST exclusive).

Primary Producers can purchase eligible equipment from multiple Approved Suppliers to a total combined value of \$30,000 (GST exclusive).

There are 5 broad categories of eligible connectivity solutions and associated eligible equipment:

- Low Power Wide Area Networks (LPWAN)
- Connectivity Equipment
- Environmental monitoring
- Farm management
- Remote automation and control

COMMUNITY

Strengthening Rural Communities – Small and Vital

Agency: Foundation for Rural and Regional Renewal (FRRR)

Closing: Round 24: 27 March 2025

Eligibility: Local community groups and not-for profit organisations

Grants are available for a broad range of grassroots, community-led initiatives that directly and clearly benefit local communities that strengthen local people, places and climate solutions with a preference for smaller communities (populations under 15,000).

Priority will be given to projects that:

- Support communities to implement generational transition;
- Invest in outback, remote, and less-resourced communities;
- Build capacity and resourcing for a just and equitable energy transition; or
- Support First Nations-led initiatives that strengthen culture, country, economic participation and reconciliation.

Applications from sporting organisations need to clearly demonstrate charitable outcomes and benefit to the wider community that are above and beyond the sporting activities of the club.

Maximum grant is \$10,000

NOTE: There are two streams of funding available within the Strengthening Rural Communities (SRC) Program: Small and Vital and Prepare and Recover. Organisations may submit their application in one of these streams per SRC grant round, and any other applications in this round will be considered ineligible.

Viterra's Community Sponsorship Program

Agency: Viterra

Closing: Ongoing

Eligibility: Community and sporting organisations nominated by the grower

For every tonne of grain delivered on a contract, Viterra donates 20 cents to a registered community group or club nominated by the grower. This amount doesn't come from the grower's pocket – it's Viterra's donation to the community.

For Growers: When setting up contracts with Viterra, simply nominate a club or group you'd like to support. If you're working with an agent, they can do this on your behalf. Importantly, you don't need to be a member of the club to nominate it.

For Clubs and Groups: To benefit from this program, your group needs to register with Viterra and gain approval. Registered groups are then eligible to receive funds based on the total tonnage delivered by growers who nominate them.

Payments to clubs and community groups are made once a year, based on the total tonnage delivered under nominated contracts by the end of April.

If you've got a club in mind and want to register your group, contact the Viterra team on **1300 453 626** to sign up or learn more.

Stronger Together

Agency: Government of South Australia – Department of Premier and Cabinet

Closing: 2 March 2025

Eligibility: Multicultural organisations

The Stronger Together Grants support South Australian families and communities from culturally and linguistically diverse backgrounds to build resilience and become part of a strong and vibrant South Australian community.

The grants provide one-off funding to eligible multicultural organisations to develop projects that address priority needs and issues and improve outcomes for culturally and linguistically diverse communities.

Grants of up to \$200,000 are available for projects to be delivered over two years, commencing in July 2025 and concluding in June 2027.

Live Music Events Fund

Agency: Music Development Office – Government of South Australia

Closing: Ongoing EOI. Open each financial year until funds exhausted.

Eligibility: You must be a promoter, event organisation or music business (applicant) seeking financial support from the LMEF to present a major festival and music event (event) in South Australia.

The South Australian Government's LIVE MUSIC Events Fund (LMEF) was created to support live music events and festivals with the potential to grow into major tourist attractions. The Music Development Office (MDO), part of the Creative Industries team of Arts South Australia, at the Department of the Premier and Cabinet, administers the fund in consultation with Events South Australia, a division of the South Australian Tourism Commission (SATC). The Government has committed \$550,000 per year to support music events and festivals through the LMEF.

Objectives

The Live Music Event Fund aims to:

- elevate Adelaide’s recognition as a UNESCO City of Music through activating our live music events calendar
- mitigate the financial barriers experienced by promoters in the first two years of staging a new live music event
- attract unique music events to South Australia that generate economic benefit, provide local jobs for musicians and crews, and attract visitors from South Australia’s key domestic tourism markets
- provide industry development opportunities or pathways that support the growth of the event into a unique offering for the state that is financially sustainable and not reliant on government funding for viability.
